Ashirvad - A leader You Can Trust On

Ashirvad, an Aliaxis group company, set up it's Bengaluru unit in 1998 and is a wholly owned company of Aliaxis group. Aliaxis group is a global leading manufacturer and distributor of plastic fluid handling systems used in residential, commercial and industrial buildings. Headquartered in Brussels, Aliaxis is present in over 45 countries with more than 100 manufacturing and commercial entities, employs over 16,000 people and generates more than 3 billion Euro (₹ 21, 600 crores approx.) in annual sales.

Ashirvad is ISO 9001:2015, ISO 14001:2015 and ISO 45001:2018 certified and is a National Award winning company. With its state-of-the-art facility spread over 50 acres, the company has a manufacturing capacity of 2,00,000 M.T.p.a and manufactures a complete range of high technology and superior quality plastic piping systems suitable for plumbing and agricultural needs.

To provide safer and reliable fire protection systems for high-rise buildings, commercial buildings and individual homes, Ashirvad Fire Protection Systems introduces BlazeMaster® pipes and fittings which are made from chlorinated polyvinyl chloride (CPVC).

What's in it for you?

Whether you are an architect, builder, designer or installer, BlazeMaster® pipes and fittings by Ashirvad presents advantages, which will help you to protect your valuable possessions and business. Engineered through a groundbreaking R&D. BlazeMaster® has been successfully functioning for over 30 years and continues to set high industry standards. The pipes & fittings have been installed in more than 60 countries.

Technical Details

Nominal Size		Kilo grams / mtr	
inches	mm	Empty	H ₂ O filled
3/4	20.0	0.250	0.637
1	25.0	0.390	1.000
1¼	32.0	0.622	1.606
1½	40.0	0.816	2.109
2	50.0	1.278	3.310
2½	65.0	1.871	4.844
3	80.0	2.778	7.186

BlazeMaster® pipes by Ashirvad are UL listed. UL approved Fittings and solvent cement are imported from Ashirvad's sister company IPEX in Canada. BlazeMaster® is the registered trademark of the Lubrizol Corporation or its affiliates. The Lubrizol Corporation is a Berkshire Hathaway Company.

Advantages over Metal Piping Systems

1. Non-corrosive
- Corrosion resistant, both inside and outside, even in seaside salt air environment.
2. Easy to Install
- Easier and faster installation process
 - No offsite fabrication required.
3. Lightweight
- Hassle-free installation in tight spaces.
 - No special rigging or equipment is needed to transport the lightweight pipe through your construction site.
 - Works quickly and easily around drywall installers, framers and other mechanical contractors.
4. Responsible Choice
- Outperforms metal pipes & fittings in 12 out of 13 environmental categories*, including climate change impact, metal depletion and energy consumption.
5. Maintenance Free
- BlazeMaster® pipes & fittings by Ashirvad can give maintenance free service for more than 50 years.
6. Low Cost
- The one-step solvent joint system reduces labour cost.
 - Smooth internal diameters lead to better hydraulic performance, enabling the pipe to be downsized hence helps reducing material cost.
